SMART SANITARY NAPKIN VENDING KIOSK

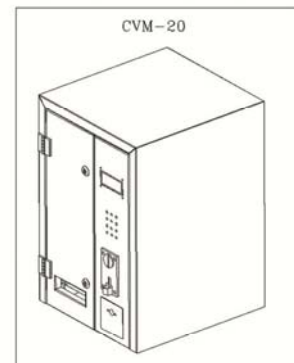

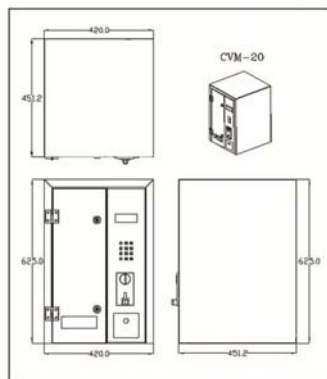

The GPRS enabled Sanitary Napkin Vending Machine can hold all types of Sanitary Napkins - from premium brands made by MNCs to Women's Association made folded napkins.

The model is incorporated with several revolving disks, each capable of holding 20 pieces. The selection of the napkin is done through the front panel which has an LCD display and an alpha-numeric keyboard. This enables dispensing of napkins varying in price and quality.

The vending machine, being GPRS enabled, can generate SMS for personnel in administration to monitor machine Upload quantity, Dispense quantity, as well as generate Daily Sales Report. This ensures the machine's capability as a self-sufficient 24 hrs salesman in locations of your choice. The equipment doubles up as a sales outlet for locations previously inaccessible.

Several of these revolving disks, or circular cavity housings may be stacked to stock multiple brands of napkins. Each of these disks can stock upto 20 napkins
